

# **SAM HOUSTON FORENSIC SCIENCE EDUCATOR TRAINING**

hosted by  
The Forensic Science Program at  
Sam Houston State University

## **AUGUST 9-12, 2010**

The Sam Houston State University (SHSU) Forensic Science Program will present a Forensic Science Educator Training on the campus of SHSU. The conference is designed to provide instruction to middle school and high school educators on the use of forensic science. Lectures and laboratory exercises will provide core forensic science training and assist educators to incorporate these topics into the science curriculum. Conference faculty are forensic scientists with experience working within their respective disciplines.

With the registration fee of \$600.00, the participants will:

- Experience workshop and hands-on laboratory-based instruction by forensic science faculty and scientists with real-world experience in a variety of forensic disciplines, including:

**TOXICOLOGY • TRACE EVIDENCE • FORENSIC BIOLOGY & DNA  
CSI • DIGITAL FORENSICS • LATENT PRINTS  
CONTROLLED SUBSTANCE • PATTERN EVIDENCE  
ENTOMOLOGY • PATHOLOGY & DEATH INVESTIGATION**

- Learn how the scientific method is applied to both the recovery of evidence from the scene of the crime and subsequent laboratory testing of physical evidence.
- Have the opportunity to tour SHSU forensic science facilities and resources.
- Access scientific instrumentation currently used in crime laboratories.
- Receive forensic science resources & materials to be used in future classes.
